

Wakefield Methodist School: **PE and Sport Premium Review**

What is Primary Physical Education and Sports Premium Funding?

For the past three academic years, the government has provided additional funding of £150 million per annum, in order to improve provision of physical education and sport in primary schools. The money goes directly to Primary Headteachers, with each school receiving £8000 plus an extra £5 per child from Year 1-6. The PE and Sport Premium funding has been allocated by the Government until 2020.

How much funding is available?

During the 2019 to 2020 academic year, Methodist Primary will receive £17894. This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools.

At Methodist Primary School our aim is to use the Sports Premium Funding to improve the teaching of physical education and to provide a wide range of opportunities for children to be active and develop a lifelong love of physical activity. We also aim to use the funding in a sustainable manner so that it continues to benefit children at Methodist Primary in years to come and therefore has a lasting legacy.

How will the Sports Premium Funding be used?

Methodist Primary's objectives are to:

- Identify our strengths and areas for development regarding PE provision
- Provide teachers with mentoring and coaching sessions
- Continue to improve and develop staff expertise, confidence and skills
- Increase the use of Sports Leaders developing Playground Leaders Scheme at lunch and play
- Develop resources and equipment to be used at lunch, play and within lessons
- Improve the use and creation of Long-, Medium- and Short-term planning to provide a broader curriculum accessing more and alternative sports whilst also learning new skills
- Work with School Games Organiser and Cluster Competitions manager to provide additional competitive opportunities
- Provide additional competitive environments built within lessons
- Create house system of the use of competitions throughout the school including sports captains responsible for representing the school and engaging all children in positive sporting experiences.
- Provide additional activities such as outdoor and adventure activities - Scheme of work purchased
- Provide opportunities for children to attend and participate in sporting festivals, tournaments beyond the classroom
- Release teachers from lessons to support sport: competitions, events, planning, reflections
- Promote and instill a lifelong love of physical activity

How will we measure the impact?

During the academic year we will continue to monitor the progress of all pupils through teacher assessments each term, pupil and staff questionnaires and lesson observations. This will inform future decisions about PE and sport provision at Methodist Primary.

For further information on how the funding is being spent and the impact that it is having please see the schools PE action plan and impact report below.
